Till the end of July the Liptovský Mikuláš town hall will ask for the non-refundable financial contribution of 83 thousand € from the EU funds for the reconstruction and revival of the city centre. The deputies of the city council decided about it. "The project is focused on the treatment of Štúrova and Školská Streets, Tranovského Alleyway and exchange of paving in Námestie osloboditeľov. All treatments relates to the central urban area," said the vice-mayor Pavel Bobák. The centre will be also revived by the architectural elements on pedestrian zone, new benches and flexible podium in the square.
