At Liptovský Mikuláš in the locality of Kamenné pole (Stone Field) probably will grow Shopping Village Center, which is to be built by AGA Ireland Company at the price of 10 million Euro. Thanks to it will be created 150 new jobs there. It wants to start the construction in the locality of Kamenné pole (Stone Field) in March 2010; its completion is planned till the end of 2010. The main building object will be created by the 1-floor hall and associated 2-floor building. „The continued development of tourism throughout the territory of Slovakia, namely in the Liptov basin, is requiring more and more stores to ensure smooth service to tourists," the investor explains the need of the centre construction.
