HB Reavis Group officially opened a logistics centre in Malý Šariš in the Prešov district, which provided jobs for 270 employees. It invested 10 million € in the project up to now and offers totally 16 thousand m² of leasable area. The construction began in 2007 and final approval of last spaces was completed these days. The investor is planning further expansion of areas of the centre approximately by 5 200 m², where will be created conditions for about 100 new jobs. After completing last phase the total leasable area will be over 21 thousand m².
