For the first time in its history, CTP has reached an income from leases of more than 100 million euros. Last year the company began construction of CTPark Brno II, it has successfully completed four fully leased buildings in this area, carried out several other projects in the Czech Republic, and continued construction of two office projects in Brno (Spielberk Towers) and Ostrava (IQ Ostrava). CTP currently has 20 buildings under construction to be completed this year.
