According to the audit verified data, Trigema holding reported a consolidated turnover of 1.02 billion CZK in 2011 - a y-o-y increase of 27%. Profit after tax was CZK 93 million - a record in eighteen-year company history.

Trigema is primarily a property developer and a construction company. “Our investment provided about half of our construction turnover in 2011,” said Trigema’s CEO Marcel Sural and he named their most successful projects: “We have completed and sold out phase III of the residential project Barevné Letňany - Modrý dům, we built apartment house Písková in Modřany for SBD (housing association) Pokrok, we started construction of the housing project Rezidence 3D also in Modřany and we have completed and rented the Technology Park in Roztoky and obtained a grant for reconstruction of the Monínek hotel. “In 2012, Trigema envisages continuation of the project Barevné Letňany, whose sales will be launched in the first days of May. In early June, they will open a new hotel in Monínek.
