

Dopravoprojekt to supply documentation for the R2 section

Author: SITA - Slovak News Agency | Published: 17.03.2009

Dopravoprojekt, a.s. Bratislava will prepare documentation for the building plan and the zoning decision on the construction of a 15-km section of the R2 highway from Mníchova Lehota to Ruskovce. The selected contractor has to prepare the documentation for the National Motorway Company (NDS) by the end of August 2009, for the final prices of EUR 347,200. The planned construction of the R2 section between Mníchova Lehota and Ruskovce is under preparation. The launch of its construction is scheduled for the beginning of 2015 and completion in November 2018. The estimated construction costs are about EUR 81.5 million, excl. VAT. The proposed section includes 8 bridges, 5 on the highway and 3 above it. Of the five planned intersections, two should be grade-separated and three level intersections. The project also includes the construction of the Highway Administration and Maintenance Centre in Trenčianske Jastrabie.
