Euro MAX plans to build the multifunctional centre at the Trnava town district Modranka for more than 290 million Euro, which will include a hotel, conference, logistics, entertainment-social and administrative centres. He wants to begin with its construction in May next year and put it into operation in October 2014. The built-up area of the building should be nearly 2 700 m², the floor area more than 14 600 m². The hotel capacity with 80 rooms is 426 persons. The built-up area for commercial-administrative centres will be 2 400 m², the floor area over 31 000 m².

The investor wants to build 4 logistics double-storied halls in the multifunctional centre. Each of them should have the built-up area of 13 500 m² and the floor area almost 5 000 m². The entertainment-social centre should have the built-up area of 21 600 m² with the floor area of more than 59 000 m². The administrative centre will provide more than 17 000 m² floor area on the area of more than 7 500 m².
