Bratislava Ružinov wants to solve dangerous crossings in Ivánska and Vrakunská Streets within the frame of the TEN-T project. The mayor of the city district, Slavomír Drozd, informed about it after the meeting with representatives of the Ministry of Transport, Posts and Telecommunications of SR, ŽSR and Dopravoprojekt. The urban district elaborated a traffic study, which after the extension of Ružinovská Street to the Airport of M.R. Štefánik and Galvaniho Street under the highway will create a space for the crossings closing. It also promotes the creation of a fly-over passageway between Ostredky and shopping malls in the Avion Shopping Park.
