

HANT BA will reconstruct the winter stadium at Skalica

Author: SITA - Slovak News Agency | Published: 28.07.2009

BA Company from Považska Bystrica will reconstruct the winter stadium at Skalica, including supplies according to the project documentation. Construction works in the amount of 402.1 thousand Euro, VAT excluded, should last 6 months from signing the contract. The selected contractor succeeded in the tender with two proposals received, when the lowest price was decisive. The initial estimated value of the contract was in terms of the Public Procurement Bulletin 400 thousand Euro to 3.3 million Euro, VAT excluded.
