

# Dopravoprojekt with the profit increase by 42.5 percent in the 1st half-year of 2009

Author: SITA - Slovak News Agency | Published: 15.09.2009

Design and engineering consulting firm Dopravoprojekt Bratislava achieved the profit of 3.712 million Euro before tax in the 1st half-year of 2009, what means the semi-year increase by 42.5%. The company achieved in that period the total revenues of 9.478 million Euro, while the costs were 5.766 million Euro. The revenues from sales of own products and services were 8.027 million Euros in 6 months of the year, what means the semi-year decrease by 9.2%. Dopravoprojekt considers its financial and property situation as stabilized and expects to participate in PPP projects.
